SEACREWSADER 290N 3D

The Crewsaver dedicated research and design team provide you with the latest lifejacket technology in the industry. Building on the success of the Seacrewsader 275N the Crewsaver Seacrewsader 290N 3D lifejacket offers a unique design allowing the user to remove the outer cover of the lifejacket. This provides the ability to replace covers easily when they are no longer fit for use or the user needs to change application for alternative use such as the Fire Retardant and heavy duty wipe clean option.

Seacrewsader 290N 3D encompasses ergonomically 3D design giving the user freedom of movement and unique weight distribution providing the ultimate comfort. This 290N twin chamber jacket also comes complete with plastic pockets allowing you to remove and replace service labels and donning instructions easily when covers are changed, all labels are also fully waterproof aiding long life.

KEY FEATURES

- Easy to replace cover system
- Waterproof service labels
- Can be used with a PLB & AIS
- 3D Cover
- High strength plastic quick release buckle
- YKK QBZ Tri-burst zip
- Foam padded cover for added protection
- Spare covers can be purchased separately including Fire Retardant and wipe clean options

INFLATED

Inside the lifejacket the Seacrewsader 290N 3D offers;

- A turn speed of less than two seconds and unrivalled freeboard of an average of 40 percent* more than the standard requirement, the Seacrewsader 290N 3D will double your survival chances even when wearing multiple layers of ocean clothing
- Easy integration with a PLB or AIS system. Coupled with a SOLAS approved light, whistle and reflective tape ensures you are located quickly
- An accessible lifting point is incorporated on the front of the Seacrewsader 290N 3D for ease of recovery
- Exceptional chin support helps to ensure airways are kept clear when in the water and protects from water funneling

*Results and times relate to average from type testing during approval.

Due to Crewsaver's policy of continual improvement, we reserve the right to amend specifications where necessary without notice. Information correct at time of printing.
